

ecoSelect Certified Homes

Healthier, More Comfortable, More Efficient.

ecoSelect is a comprehensive certification program addressing energy efficiency, water efficiency, and indoor air quality. Rest assured knowing that your home has been independently verified to meet the ecoSelect performance specifications resulting in a healthier, more comfortable, more efficient home.

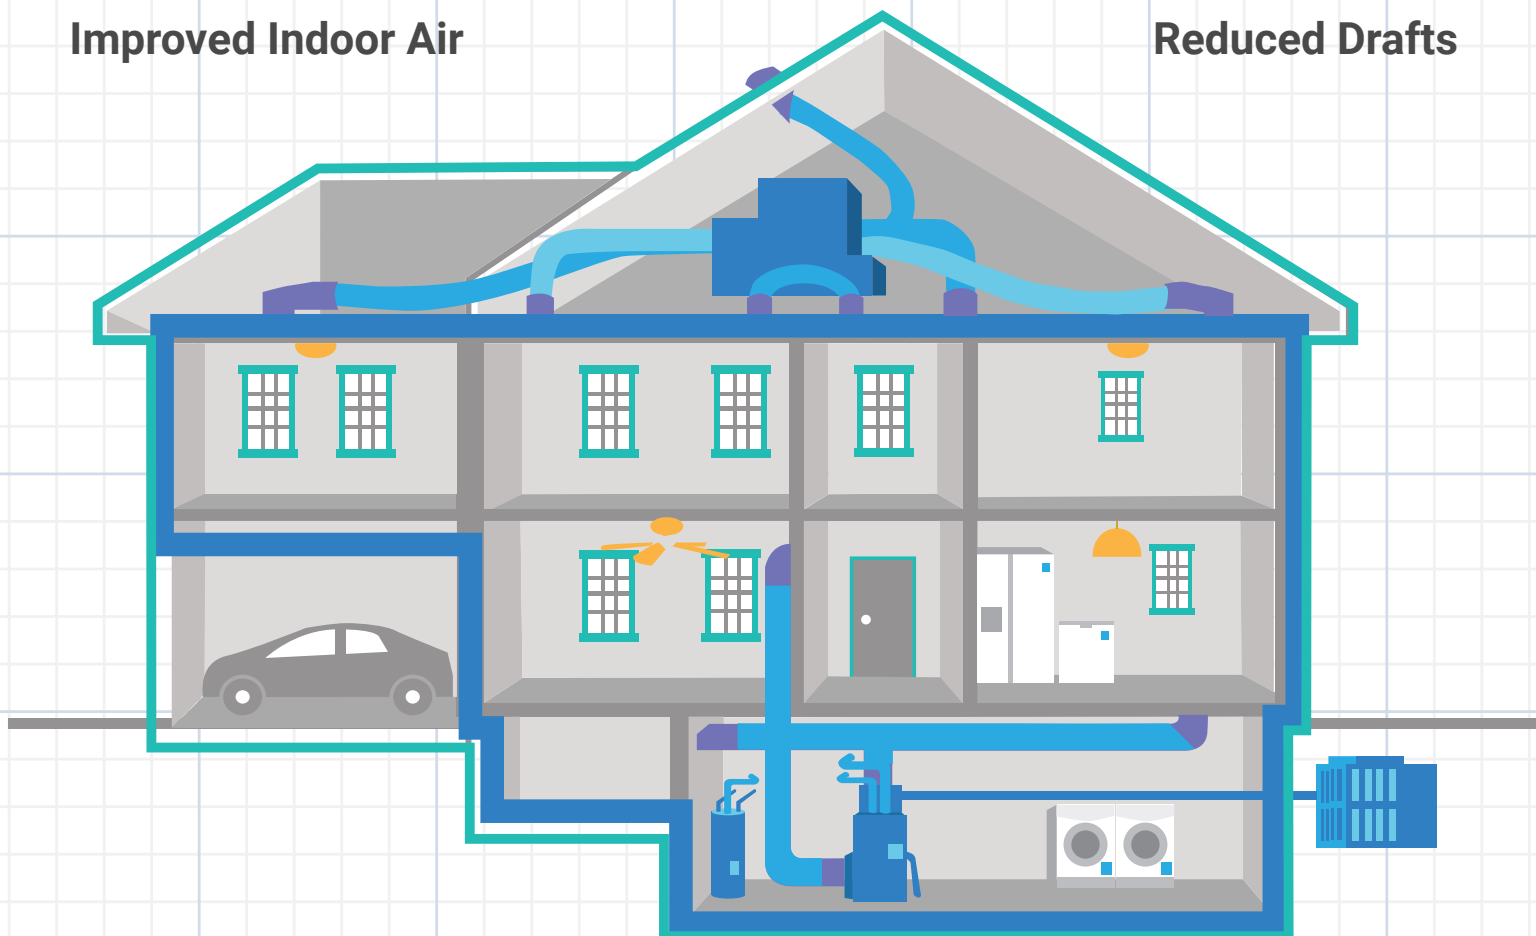

Improved Indoor Air

Lower Utility Bills

Reduced Drafts

Peace of Mind

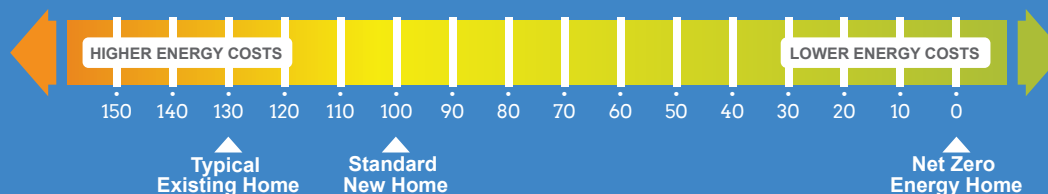

Increased Durability

Reduced Water Use

HERS Index

With HERS Index scores, lower is always better. A low HERS Index Score means a more energy efficient home.

All homes are third-party tested and verified by
