Green Building Simplified

We simplify green building and energy efficiency options to help your multifamily, mixed-use, and commercial project teams create more valuable and sustainable buildings.

How Can We Help?

- + Certification Programs
- + Sustainability Consulting
- + Energy Modeling
- + LIHTC Compliance
- + VE Analysis Support
- + Tax & Utility Incentives
- + Solar Power
- + Regulatory Policy & Financial Incentive Documentation

One of the reasons I love having an energy consultant on the team. Just one more set of eyes to ensure the quality is where everyone wants it.

– Timothy McCarty, Equity Plus
